

# SDGs Working Group Meeting on Partnerships Between the Private Sector and International Organizations (Japan, 2019)

---

Title of Activity:	SDGs Working Group Meeting on Partnerships Between the Private Sector and International Organizations
Country:	Japan
Region:	Asia Pacific
Timing:	11 October 2019
Engagement Focus:	Peer Learning
Description and Outcomes:	<p>Global Compact Network Japan's SDGs Working Group held its third meeting on 11 October 2019 in Tokyo. The Working Group focused on partnerships between the private sector and international organisations. For the first time, representatives from UN agencies, including UNICEF and WFP, and international NGOs such as World Vision International, Plan International as well as Association for Aid and Relief Japan were invited to share their insights on issues and challenges of disseminating and implementing SDGs through partnerships between the private sector and international organizations</p> <p>Around 80 participants from Global Compact Network Japan's member companies and international organizations participated actively in group discussions exchanging experiences and thoughts on the role of partnerships between the Japanese private sector and international organizations.</p> <p>Global Compact Network Japan believes that this meeting successfully helped strengthening the dialogue between the private sector and international organisations, as all of the guest speakers expressed a keen interest in building future strategic partnerships with the participating companies. As one of the flagship working groups of Global Compact Network Japan, the SDGs Working Group aims at providing a unique platform for participants to discuss and exchange their experiences and expertise on facilitating and accelerating Japanese private sector engagement in the 2030 Agenda.</p>
